The SJT is scored based on how well your responses align with the expected professional standards and the core values outlined by the General Medical Council (GMC).

Sample UKFPO SJT Practice Scenario

To give you a feel for what to expect, here is a typical scenario you might encounter in a practice paper:

Scenario:

You are working as a junior doctor on a busy hospital ward. A senior nurse approaches you and asks you to sign off on a patient's medication chart, which you notice has some discrepancies. The nurse insists the medication was administered correctly, but your review indicates otherwise. What is the most appropriate course of action?

Possible Responses:

1. Sign the chart as requested to avoid conflict with the nurse.
2. Politely inform the nurse of your concerns and suggest reviewing the medication administration records together.
3. Report the discrepancy to your supervisor immediately without discussing it with the nurse.
