Michael Michalko has authored numerous books and articles on creativity, including *Thinkertoys* and *Cracking Creativity*. His methods focus on practical exercises that stimulate your mind and encourage inventive

thinking.

Ask yourself "what if" questions to open up new avenues: - What if I approached this problem backwards? - What if I combined two unrelated ideas? This method prompts creative associations and novel solutions.

Create visual diagrams that connect ideas, concepts, and possibilities. Mind mapping: - Helps organize thoughts clearly. - Sparks new connections. - Stimulates your imagination to see the bigger picture.
