What Is the Secret Language of Birthdays Website?

An Overview of Its Purpose and Origins

The secret language of birthdays website is an online personality system developed by Gary Goldschneider, inspired by his work in astrology, numerology, and psychology. The platform aims to assign specific personality traits, tendencies, and compatibilities to each birthday, creating a detailed profile that describes individuals born on that day. The website offers a comprehensive database where users can enter their birth date to discover detailed descriptions of their personality, strengths, weaknesses, romantic tendencies, career preferences, and more. It essentially acts as a personalized guide, revealing the "secret language" encoded within your birth date. The origins of this system trace back to Goldschneider's book, *The Secret Language of Birthdays*, published in 1989, which became a bestseller and laid the foundation for the online platform. The website modernizes and expands upon the book's concepts, making this information accessible and interactive.

How the System Works

The core principle behind the secret language of birthdays is that each day of the year is associated with specific characteristics. These traits are derived from a combination of astrological influences, numerology, and psychological insights. The process involves:

- Analyzing the birth date: The system considers the exact day, month, and sometimes the year to generate a profile.
- Assigning personality traits: Based on the date, the system attributes specific qualities, such as creativity, leadership, sensitivity, or independence.
- Determining compatibility: The system compares birthday profiles to assess potential relationships and interactions.
- Providing personalized insights: The website offers tailored advice and descriptions that reflect the individual's core personality and tendencies. This approach creates a nuanced portrait that emphasizes the uniqueness of each birthday and how it influences various aspects of life.
