1. Daily Planning with Intent

Each day begins with identifying your "Most Important Tasks" (MITs). These are the tasks that directly contribute to your big goals. The planner encourages you to focus on 1-3 MITs per day to avoid overwhelm.

1. Time Blocking and Scheduling

Allocate specific time slots for your MITs and other essential activities. This structured approach minimizes distractions and ensures dedicated focus.

1. Habit Tracking

Identify key habits that support your high performance, such as exercise, meditation, or reading. The planner provides space for tracking these habits daily, fostering consistency.

1. Reflection and Gratitude

At the end of each day, reflect on what went well, what could improve, and what you are grateful for. This practice reinforces positive mindset and awareness.
